

TEXFLEX Contribution Worksheet

Plan carefully when deciding how much to contribute.

If you are considering enrolling in TexFlex, use this worksheet to help you estimate how much you want to contribute to your TexFlex account. TexFlex is a tax-savings program regulated by the IRS with strict guidelines on how and when you can use your TexFlex funds. So, it's important to calculate your annual TexFlex contribution carefully to avoid losing your TexFlex funds.

TIPS:

- Review your current and prior years' expenses to help you estimate expenses for the coming year.
- Make sure to be conservative while planning your contribution.
- Keep in mind that you can carry over up to \$500 in unused health care account funds to the next plan year.

TexFlex health care account

Enter your annual out-of-pocket eligible expenses for each of the following:

Medical care \$ _____

Dental care \$ _____

Vision care \$ _____

Prescriptions \$ _____

Medical supplies \$ _____

Total lines above \$

This is the estimated annual amount eligible for your TexFlex health care account.

NOTE: TexFlex health care account contributions are limited to \$2,600 per year.

TexFlex dependent care account

Enter your out-of-pocket eligible expenses for each of the following:

Your weekly child/elder cost \$ _____

Other eligible weekly expenses \$ _____

Total lines above \$ _____

Number of weeks you will incur expenses _____ weeks

Multiply total by # of weeks \$

This is the estimated annual amount eligible for your TexFlex dependent care account.

NOTE: TexFlex dependent care account contributions are limited to \$5,000 per year.

*Certain OTC drugs and medicines are considered ineligible unless you have a written prescription from your doctor. Please keep this in mind when deciding how much money you will put into your health care account.
